

Permission to Record & Review

Victoria Lindstrom

Clinical Mental Health Counseling Graduate Student

Supervised by Washington State Licensed Counselor- Carrie Farrell

The Playground Counseling

Reason and Purpose for Recording

As an intern, recording is used to facilitate my training and better serve you. Audio and video recording is used to assess the therapy process and consult about ways to improve. Recordings will only be shown to other professional in the field, like licensed supervisors and interns, for my performance evaluation. If you do not wish to be recorded, do not sign the line below. If you have any questions about this process, please feel free to ask.

Granting Permission to Record

I give my consent to be recorded, both audio and video, during counseling session as needed. This permission is granted for the professional training and evaluation of the counselor. I understand that other mental health professionals in the field will review these videos. I acknowledged that recordings will be handled with confidentiality and ethical standards. I understand I can require the recording to end at any point and/or ask for recordings to be erased at any time.

I acknowledge I am giving my consent to be recorded in counseling sessions as needed.

(Client Signature)

(Guardian Signature, if client is a minor, i.e. younger than 13 years old)
